

NS Families and Students,

We hope you are all staying healthy. Teachers are working diligently to have their Google Classrooms up to date. They will have information on Classroom about their availability to students. ***Students are expected to log into the platform their teachers have set up for them beginning Wednesday, March 18 through Friday, March 20. Teachers will take attendance and report absences in Powerschool on these days (students will have their normal Spring Break March 23-27).***

Our ultimate goal is to continue educating our students and be able to end the school year strong on May 22.

The secondary front doors will be open Tuesday, March 17, 9:00 am to 5:00 pm for you to come to NS to pick up any items you might need. If students need a chromebook because they do not have access to a device at home, they will be able to check one out from the office. I've attached a screenshot of a business offering free wifi to families during this crazy time, if you currently don't have it.

Thank you for all your kind words of support. Our admin team and Board appreciates you!!

Sincerely,

Melissa Andersen and Will Bogdanoff
