At North Star Charter School we understand and appreciate the importance of athletics in the overall education of our student-athletes. Experiences teach values such as hard work, commitment, leadership, discipline, teamwork, and physical fitness, all within a framework of academic excellence. Participation contributes to the physical, emotional and social health of our students, and promotes a sense of unity and cooperation among athletes, the student body and the larger school community. Winning is a natural goal. Our teams strive to win, but emphasis will be placed on effort, improvement, respect for coaches, teammates, opponents, and officials, and learning to win graciously and lose with dignity. Winning is emphasized more strongly at the varsity level, but the preeminence of the goal of teaching character and integrity is never challenged. At sub-varsity and middle school levels, winning remains a goal, but is subordinate to participation and skill development. Above all, we want our athletes to have a rewarding and enjoyable experience, at all levels of competition.
