

> Form Language for Conditional Pledges

The following is a form of language to be use in a letter to NSCS making a conditional promise to donate money to NSCS in the future, assuming that certain conditions are in place. You can use this language to write your own letter to NSCS making such a promise. Because this is a promise to make a donation in the future, you should not include a check or cash with the pledge letter. Please deliver any such pledges to George Coburn or Larry Rogien at NSCS.

I/We (hereinafter the "donor" or "donors") _____ do hereby promise and pledge conditionally to make a charitable contribution for the benefit of North Star Charter School ("NSCS") for 2013-2014 school year in the amount of \$_____. I/We promise to make such payment after September 1, 2013, in whole or in partial periodic payments as follows

There is no direction for the donation proceeds, and NSCS may use the donation proceeds at its unfettered discretion for any purpose. The donation proceeds are directed to be used for:

This promise and pledge is conditioned, and shall not be valid and enforceable, until and unless the Board of Trustees of NSCS passes a resolution determining that there is a viable and sustainable plan for the operation of NSCS for the 2013-2012 school year, and until and unless the donor(s) agree that there is a viable and sustainable plan for the operation of NSCS for the 2013-2014 school year.
