Middle School Intramural Program

Happy Fall Everyone!

As the temperature turns colder and the leaves have all fallen it is time to move inside for intramurals. Due to the high demand of the gym this year for our sports teams we are going to sacrifice our time in their until after basketball season ends in February. We are going to be spending time in the cafeteria for the next couple months learning different board and card games as well as bowling in January. This is a cool opportunity for students to play new games and share family fun games with others. I will be able to supply a handful of different games and cards but I am going to ask students if they are able to bring some of their own games if they want to play them. I think this will be a great opportunity for students to interact and play activities that aren't necessarily physical but can strengthen the mind and keep them engaged.

Just a reminder that we run from 3-4:30 so send your child with a few extra snacks they can have before we start playing at 3. We look forward to seeing your child this month for a variety of board and card games
